Schneider-Heffel Rites At Alliance

A pretty, double-ring wedding ceremony took place on Saturday, August 1, at three p.m. in the Pentecostal Tabernacle at Alliance, when Shirley Jeanette, the eldest daughter of Mr. and Mrs. Stewart Heffel of Alliance, was united in holy matrimony to Donald Orval Schneider, son of Mr. and Mrs. Orington Schneider of Champion, Alta. Rev. Steve Holomes officiated at the ceremony.

Given in marriage by her father, the bride was lovely in a floor-length gown, with a chapel train set off by a large bustle bow. The dress was gently highlighted at the neckline to the short sleeves with sequins. The skirt billowed out from the drop waistline in a sweep of silk organza enriched with two rows of Chantilly lace. The bride wore elbow length, lily pointed mittens. Her tiny pillbox head-dress sat atop a mass of imported silk illusion. She carried a white bible covered with deep pink roses and tiny stephanotis clinging to the streamers.

The maid of honor was the bride's sister, Miss Verna Heffel. Eridesmaids were the groom's sister, Mrs. Wayne Davey of Champion and Miss Lily Kolm of Calgary. All three girls wore identical sheaths of fuchsia silk with matching full overskirts of nylon chiffon caught with a pretty bow at the back. They all carried semi-cascade bouquets of white roses and button mums and wore matching picture hats and lily pointed mittens.

Attending the groom as best men were Claire Schneider, brother of the groom, Grant Heffel, brother of the bride, and Verne Robinson, of Edmonton. Ushers were Glen Heffel and Gary Schneider.

The bride's mother chose a light blue dress of nylon over taffeta with white accessories and a corsage of white carnations for the occasion.

The groom's mother wore a navy blue dress with white accessories and a corsage of pink carnations.

The wedding reception for about 100 guests was held in the Alliance school auditorium. The bride's table was decorated with streamers caught with fuchsia roses over the white tablecloth and was centered with a three-tiered wedding cake.

For going away, the bride chose a white and blue dress and duster and a corsage of roses.

After they return from their honeymoon the young couple will reside at Hinton, Alberta, where the groom is pastor of the Pentecostal Church.

showing of the Watch Tower Society's new film entitled, "The Divine Will International Assembly of Jehovah's Witnesses." This in part was a documentary film about the International Assembly in New York City in the summer of 1955, and attracted more than a quarter of a million people. The film is packed with action throughout, scenes include the mass baptism of more than 7,000 persons at one of New York's beaches; two giant cafeterias feeding 1,000 meals a minute, operated by 12,000 voluntary workers, and many, many more interesting features.

THE WEATHER

Cooler weather prevailed early this week and a steady rain was falling Wednesday morning.

MR. AND MRS. H. S. PARKER

Married 60 Years

Mr. and Mrs. Harold Parker of Ensign celebrated their 60th wedding anniversary with "Open House" on Saturday, July 25, with some 200 friends and relatives calling during the day to wish them many more years of happy married life.

On Sunday, July 26, a family re-union was held and all members of their immediate family were able to attend.

Some 60 relatives and friends attended a banquet held on Monday, July 27, in the Ensign hall, which was beautifully decorated with a canopy of streamers and bells and lovely bouquets of flowers. The bride and groom's table was centered with a lovely three-tiered wedding cake. Ed Johnson of Blackie was master of ceremonies.

The hall, incidentally, is the old Ensign school house, where all the Parker children received their elementary education.

Mr. and Mrs. Parker received many gifts and flowers and over 200 cards. They also received telegrams of congratulations from the Queen, Prime Minister Diefenbaker of Canada, Premier Manning of Alberta, Lieutenant-Governor J. J. Bowen of Alberta and Dr. L. E. Kindt, M.P. for Macleod constituency. Telegrams were also received from grand-children who were unable to attend.

Mr. and Mrs. Parker were married at Mantle, Utah, on July 26, 1899. They came to Alberta from Idaho in a covered wagon, arriving in Brant June 23, 1904, with two children, Raymond and Christine. They had a total of nine children and Brant, the third child, was the first born in Brant, Alta. One child died at the age of three years and Raymond, the eldest, passed away in 1957. Their children are Christine of Kansas City, Missouri; Brant of Brant, Alberta; Blaine of Cranbrook, B.C.; Steve of Trail, B.C.; Miles of Revelstoke, B.C.; Steadman of San Bruno, Calif.; and Bessie of Golden, B.C.

There are 26 grandchildren and 16 great-grandchildren.

A beautiful gold clock was a gift from the family.

Shower Honors August Bride

Friends gathered in St. Andrew's parish hall on Friday, Aug. 7 to honor Miss Rita Callaghan, whose marriage to LaVern Scott took place on Aug. 10.

Mrs. Pat Fath played the wedding march as the bride-elect and her party entered the hall, which was very beautifully decorated with fresh flowers and pastel streamers. Corsages were then presented to Rita, Mrs. Callaghan, and the groom's mother, Mrs. Renne, who were seated at a lace-covered table centered with a bouquet of summer flowers and miniature bride and bridesmaid dolls.

A get-acquainted bingo game was played and prizes were won by Pat Paris, Mrs. Les Shaw, Linda McKay and Mrs. Gladys Munro. A musical box game followed, which proved very amusing; comic prize was modeled by Mrs. Frances Callaghan and feature prize won by Mrs. Les Shaw.

Lorna Jones and Tommy Emelson looked after the signing of the guest book.

To music played by Mrs. Fath, Marjorie Jones and Gerry Emelson drew in a beautifully decorated wagon topped with a miniature Advocate office filled with colorful gifts. At this time Mrs. Freda Jones presented the gifts to Rita with the good wishes of all her friends.

Rita was assisted in opening her gifts by her mother; Mrs. Renne; her sisters Myrtle, Faye and Jean and LaVern's niece, Shirley Meek-

Calgary North Hill baseball club now holds the Lake McGregor Trophy, winning it in the annual baseball tournament held at the Lake McGregor Memorial Park last Sunday.

In the first game, Mossleigh defeated Milo by a 17-6 score and in the second game Calgary North Hill trounced Blackie by an 11-3 score. The final game saw the strong Calgary club whip Mossleigh 13 to 2 to capture top honors.

In charge of the tournament were Tom Beckner, Dennis Beckner and Irvin Sukut. The draw for the lawn chair was won by W. F. Black of Milo.

Between the second and final games, a Water Safety demonstration was sponsored by the Milou-Queenstown Lions Club, with Ross Hetherington of Calgary in charge. Children taking part in the demonstration were Raymond Clemmons, Ronald Clemmons, Carolyn Robertson, Linda Page, Karen Quigley, Joy Black, Judy Willard, Howard Morin, Terry Heather and Michael Monner.

Aiding in the demonstration were Mrs. Jackie Ferguson, Mrs. Sandra Robertson and Carol Black.

The bride-elect very graciously thanked the ladies for the lovely gifts she had received and asked them to visit her and LaVern when they are settled in their new home.

A delicious lunch was served by the hostesses, Mrs. Cecile Emelson, Mrs. Marcella MacKay, Mrs. Freda Jones and Mrs. Romona Pickersgill.

Take Two Straight Games

Elks Defeat Enchant To Enter Baseball Final

The local baseball fraternity is currently wondering what caused the collapse of the league-leading Enchant ball club—recently walloped two games straight in semi-final play—and if it could be that their next sparring friends from Lomond might possibly catch the same disease.

Last Sunday "Swede" Robertson and his Vulcan Elks went into the second of a two out of three series here in town with a one game lead. Many hits and 20 runs later it was all over for Enchant, who scored only seven runs against Elks' pitcher Al Warnick and his impressively hitting mates.

Stevenson started throwing for Enchant but couldn't keep things under control and three relievers who followed him met with the same trouble.

The exhibition game which followed was a 10-9-favor-of-Vulcan affair and drew more interest than the earlier series game. Enchant scored two runs in the top of the last inning to tie the count 9-9 but Warnick came through with a homer in the bottom half to steal the game.

In other league play, Champion beat Lomond in the first game of their series but Lomond came back to take the next two and knocked out the southern team with a 6-2 win last Sunday.

So it is Vulcan against Lomond, last year's champions, in a best of three final. The first game was slated for Wednesday, Aug. 12, the second goes to Lomond Wednesday the 19th and if a third is required it will be back in Vulcan on the 23rd.

Elks go into the finals with one serious casualty. Second baseman Schumacker re-injured his back last Sunday and will be out of baseball for the rest of the year.

Teams from Vulcan, Carmangay, Lomond and Champion will take part in the postponed tournament at Carmangay this Friday.

Family Gathering At Williams Ranch

A somewhat unusual gathering was held at the Williams ranch west of Alton last Sunday. All those attending were related to the Williams family and with two exceptions (William Munro who married Agnes Williams, and Mrs. Edith Williams who married J. M. Williams) were direct descendants of the Williams family, either on their fathers' or mothers' side. Three generations were represented, the youngest two being only two weeks old. All told, there were over 40 present.

Two lunches were enjoyed in picnic fashion and games of all kinds indulged in. Distance was no obstacle, a number coming from Calgary and one all the way from Port Alberni. A most enjoyable time was had and it is hoped to repeat the event next year.

MR. AND MRS. ELMER C. HANSEN

50th Wedding Anniversary

Blood Donor Clinic Here On Aug. 20

Announcement is made in this issue of the Advocate that a Red Cross Blood Donor Clinic will be held in Vulcan at the Legion hall on Thursday, Aug. 20, from 2 to 4 p.m.

The need for blood is very urgent at the present time and a larger than usual number of Group "O" "RH Negative" donors is required. This type of blood can be used in emergency cases where time does not permit the testing of the patient's blood and is also used almost exclusively in cases of Haemolytic disease of the newborn where the baby requires transfusions to survive.

Remember the date of Thursday, Aug. 20, and remember to attend the blood donor clinic in Vulcan between 2 and 4 p.m.

Large Crowd At Combine Auction

Billed as Southern Alberta's largest, the annual combine auction sale held at 3-Way Station, Vulcan, on Aug. 5 attracted many buyers from Saskatchewan and from Alberta points such as Edmonton and Medicine Hat. One combine went to a Swift Current farmer and on Thursday the road to Edmonton was dotted with purchasers driving their machines home.

Sixty-three combines and 20 tractors were sold. Norman Scott, owner of the 3-Way Station, said the prices received were very satisfactory. Gordon Cockshutt, president of the Cockshutt Farm Equipment Co., visited the sale and was pleased and impressed with the size of the crowd and the ready sale of the machines.

Auctioneers for the day were Commodore Allen of Vulcan, Jerry Hammen of Turin and Ken Hurlburt of Lethbridge.

Uncivil Servants

Senator William D. Euler, himself a former minister of national revenue, had occasion recently to tell the Senate about the uncivil manner adopted by members of that department towards the public that pays their salaries. Anyone who has had dealings with the Department of National Revenue beyond the routine business of filing his income tax will appreciate Mr. Euler's feelings.

According to Mr. Euler's account, he had paid his income tax promptly, and in what he had thought was the correct amount. He had then left the country on a long vacation. When he returned, he found that the department was demanding a further payment, because of an error Mr. Euler had made in estimating his income. "As I always pay my debts promptly," Mr. Euler said, "I mailed at once a cheque for the amount demanded — and I may say the demand was not worded too politely. The very next day I received from the department another letter — it must have crossed mine in the mails — couched in the most offensive language . . . The department demanded the amount set out in the bill which had been sent to me a few weeks before, but which I did not receive until I returned home, and threatened me with all sorts of legal action if I did not pay within 30 days."

Mr. Euler went on to say that he had complained to the man who had signed the offensive letter and to the head of his department, who confirmed the fact that it was customary "to send that kind of letter in that sort of language." He protested and pointed out that the department should be courteous in communicating with the public.

The incident occurred some years ago, when the Liberal government was in power, but apparently Mr. Euler's protests had no effect. Under the present government, the department of national revenue has remained equally uncivil.

TWENTY-YEAR-OLD British Paratrooper Howard Morgan "hits the deck" during training in recent rehearsals at Cardington, in Bedfordshire, England, for the forthcoming Royal Tournament in London. Howard has served in the Paratroops for three years and has made 28 "live" drops.

CAN YOU STOP IN TIME?

The nation is paying too high a price for its annual summer vacation.

About 1,000 persons were killed and 23,000 injured — many of them maimed for life — on Canadian highways during last year's summer months. Safety officials stress that "the toll would never have been so high if the involved drivers had been able to stop in time."

The following suggestions are made to motorists who want to stay alive and let others live throughout this summer:

1. Leave plenty of space — one full car length per 10 miles of speed — between the front bumper of your car and the car in front.
2. Stop driving if you feel sleepy, angry or simply worried.
3. On long trips, stay alert, stop for relaxation and coffee every two hours or so.
4. Be patient in traffic jams, and be courteous towards other drivers and pedestrians.

Under all circumstances make sure YOU can stop in time.

"Then shall I know even as also I am known." — I Corinthians 13:12.

My life is but a weaving
Between my Lord and me;
I cannot choose the colors,
He worketh steadily.
Ofttimes He weaveth sorrow,
And I, in foolish pride,
Forget He sees the upper,
And I, the under side.

Not till the loom is silent
And the shuttles cease to fly,
Shall God unroll the canvas
And explain the reason why
The dark threads are as needful
In the Weaver's skillful hand,
As the threads of gold and silver
In the pattern He has planned.

Plums are coming along now, and you can make really delicious jam from them, using the basic recipe below.

PLUM JAM
4½ cups prepared fruit (about 2 qts. ripe plums)
7½ cups (¾ lbs.) sugar
½ bottle Certo fruit pectin

First, you prepare the fruit. Pit (do not peel) about 2 quarts fully ripe plums. Cut in small pieces and chop. Add ½ cup water; bring to a boil and simmer, covered, 5 minutes. Measure 4½ cups into a very large saucepan. (Sour clingstone plums give the best color and flavor. If sweet plums or freestone prune plums are used, substitute ½ cup lemon juice for ½ cup of the prepared fruit.)

Now, make your jam. Add sugar to fruit in saucepan. Mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat; stir in Certo at once. Skim off foam with metal spoon. Then stir and skim for 5 minutes to cool slightly, to prevent floating fruit. Ladle into glasses. Cover at once with ¼ inch hot paraffin. Makes about 11 medium glasses.

Ever wonder what pectin is? It's the jelling substance found in all fruits in varying amounts. Certo is pectin extracted from fruits rich in this natural substance, then refined, concentrated and performance-controlled. Your jam, jelly and marmalade set perfectly when you use Certo and follow the tested Certo recipes.

Preserving Pointer: When using a water bath for processing, keep the water at least 1 inch over the top of the jars. If the water boils down, add enough boiling water to keep at required height.

If you've had any problems to do with making jam and jelly, I'd be glad to help in any way I can. Just drop me a line. And watch for my next column which will be appearing soon.

It's smart business to spend a few hours investigating pick-ups and then buy the best. Stop and think about it — doesn't the efficiency of your combine depend on the ability of your pick-up to feed it? Won't a bumbling or erratic pick-up neutralize your trucks, your help, your combine — every bit of money and muscle you invest in the harvest? Then the finest pick-up you can buy will also be the most economical.

The Northwest Special has proved its superiority, season after season, in the toughest conditions.

On a par with the big new combines in massiveness, stamina, and life, it is guaranteed to reduce down time to the irreducible minimum. It absolutely will not pick up stones, big or little. In fact, experience shows that not only does it keep the big stones out of your combine, but it can eliminate gravel dockage entirely. And at the same time, actual figures show that it picks up as much as 15% more bushels to the acre, while maintenance costs are proving by far the lowest of any.

This is the really up-to-date PICK-UP, for those who know and want the best!

"Prescriptions a Specialty"

THIS IS THE FIRST picture to be released of Britain's new guided weapon target aircraft—the "Canberra U Mk. 10"—taking off without a pilot at the Woomera rocket range in Australia. The aircraft is one of several delivered to Woomera from the Belfast factory where they are built.

A British aircraft company has been responsible for the design and development work involved in converting the Canberra as a target for guided weapon firing trials. The flight testing of these Canberra aircraft is carried out in Northern Ireland and the target aircraft are ferried to Australia by

crews of the Royal Australian Air Force.

During development flying the new Canberra has operated many times under remote radio control in the United Kingdom. A pilot has always flown in the aircraft during the tests but often has not touched a control from take-off to landing.

Nurse Addresses FWUA Group

District Nurse Miss Margaret Locke from Vulcan was guest speaker at the August meeting of the Berrywater FWUA. The meeting was held at the home of Mrs. Muriel Smith with a fair amount of members present.

Routine business was carried on in the usual manner and news flashes from head office were read. A motion was passed to sponsor a party for a newly-wed young couple of the district.

Miss Locke's talk on first-aid and the care, in the home, of the sick child was informative and very interesting. She also explained and demonstrated the Holger-Nielsen method of artificial respiration and there was some discussion on the mouth type of artificial respiration.

Everyone appeared to have enjoyed the afternoon which closed with a very tasty lunch.

CARE IN HARVESTING MALTING BARLEY

Mechanical damage to barley, during harvesting, frequently results in peeled kernels which are undesirable for malting purposes.

It will pay, therefore, to take every precaution to see that barley intended for malting is harvested at the right stage, is properly swathed so as to permit complete drying and maturing, and is carefully threshed so as to avoid the peeling or breaking of kernels.
